Corporate Contributor License Agreement

Branes.AI Inc.

This Corporate Contributor License Agreement (the "Agreement") is between Branes.AI Inc., 53 State Street, Suite 500, Boston, MA 02109 ("Branes.AI"), and the legal entity identified in the signature block (the "Corporation"). It covers Contributions made by the Corporation's employees and contractors listed in Schedule A ("Designated Contributors").

1. Definitions. "Contribution", "Submit" and "Work" have the meanings given in the Branes.AI Individual Contributor License Agreement, which the Corporation has read. "You" means the Corporation together with its affiliates that control it, are controlled by it or are under common control with it.

2. Licenses granted. For every Contribution Submitted by a Designated Contributor, the Corporation grants Branes.AI the copyright license, the right to relicense and commercialize, and the patent license set out in Sections 2, 3 and 4 of the Individual Contributor License Agreement, on the same terms, as if the Corporation were "You" in those Sections.

3. Corporation's representations. The Corporation represents that:

1. It is legally entitled to grant these licenses, and the person signing below is authorized to bind it.
2. It owns, or has the right to license, the intellectual property in each Contribution its Designated Contributors Submit.
3. Each Contribution is an original creation of a Designated Contributor, and any third-party material is identified in the Submission together with its source and license.
4. Contributions contain no code or designs under licenses that would require Branes.AI to disclose its own source code or designs, no confidential information of any third party, and no export-controlled technical data, unless Branes.AI has agreed in writing in advance.

4. Managing Designated Contributors. The Corporation is responsible for keeping Schedule A current. It will send Branes.AI an updated Schedule A, signed by an authorized representative, whenever it adds or removes a Designated Contributor. Removal takes effect for Contributions Submitted after Branes.AI receives the update; licenses for earlier Contributions remain in force. Each Designated Contributor also signs the Individual Contributor License Agreement.

5. No obligation, no attribution, no warranty. Sections 6 and 7 of the Individual Contributor License Agreement apply to the Corporation and its Designated Contributors.

6. Notice of changes. The Corporation will notify Branes.AI promptly of any fact or circumstance that would make any representation in this Agreement inaccurate, including a change of control or any claim by a third party to a Contribution.

7. General. This Agreement is governed by the laws of the Commonwealth of Massachusetts, without regard to conflict-of-law rules. Branes.AI may assign this Agreement and the rights granted under it to any affiliate or successor, including through merger or acquisition, without the Corporation's consent. The licenses granted survive termination of this Agreement and of any business relationship between the parties. Amendments must be in writing and signed by both parties.
